

Changing a Conservation District Name

From [Conservation District Law](#) - *Wyoming § 11-16-115*

Petitions for a change in the name of a conservation district may be submitted to the Board of Agriculture by the board of supervisors of a conservation district. If the Board of Agriculture approves the change of name, it is then forwarded to the Secretary of State. The Secretary of State will make and issue the district a corrected certificate of organization.

Once the Board of Supervisors has received approval from the Board of Agriculture, the district should notify the public and appropriate entities of the name change.
