Best Management Practices (BMP) - Before and After Poster Board Contest

Do you have a water quality project (or two) that you think is exceptional and needs to be recognized? Enter it in the BMP – Before and After Poster Board Contest!

The Rules are pretty simple:

1. Pictures - Provide before implementation of a project and after implementation pictures on heavy poster board no smaller than 22" x 28".
2. Narrative – Provide general background (who, what, when, where, why, partners, etc.) that best captures the project, and how it has made an impact to water quality on the same poster board as the pictures.
3. Other – charts, graphs, etc. are welcome if they are helpful in understanding the outcome of the project and how it improved the water quality.
4. Bring posters to the main hallway at the Hilton Garden Inn during registration between 7:15 a.m. – 8:15 a.m. on February 20th. Posters will be displayed by noon on the 20th for registered attendees to view.
5. Each registered attendee at the conference will receive one ballot which will be used to select their favorite poster. Ballots may be submitted through the morning break on February 21st.
6. Before the social on February 20th at 5:30 p.m., the posters will be moved from the main hallway into the Heart of Garden room. It's not required for someone to be present at the poster during the duration of the social, but it would be helpful to have someone present at the social to answer questions and, to of course, promote the project!
7. Winners will be announced at the lunch on the 2nd day of the Conference, February 21st. First prize is \$300.00, Second prize is \$200.00, and Third prize is \$100.00.
8. The more posters entered the better! This is a great opportunity to network and learn what others from around the country have done to make water quality improvements that have provided results with multiple benefits.
9. **Have fun! Show off your work!**
