## What is the WNRF?

The Wyoming Natural Resource Foundation is a 501-(c)-3 organization that helps Wyoming's citizens and local conservation districts.

Your tax deductible donation will support the following efforts:

- Protect Wyoming's natural resource and agricultural tax base
- Promote and enhance water quality and quantity, wildlife habitat, conservation forestry, education and much more
- Enhance capacity of local districts to better serve their constituents
- Represent local interests in state and federal environmental issues
- Implement youth education programs to ensure balance in environmental education
- Promote and protect the wise and multiple uses of our natural resources

*The WNRF is a sister organization to the Wyoming Association of Conservation Districts*

## WNRF Goals & Objectives

### ◆ District Capacity Building

Assist local conservation districts with building comprehensive plans to gain community support for local grassroots driven natural resource management efforts.

### ◆ Natural Resource Education

Implement a statewide public information campaign to promote the understanding of Wyoming's water resources and agriculture's contributions to water supply, riparian areas, wildlife and recreation.

### ◆ Conservation Forestry

Promote the establishment of living snow fences, windbreaks and planting of seedling trees throughout Wyoming.

### ◆ Water Resources

Expand conservation district locally driven water quality monitoring programs, watershed planning and implementation.

### ◆ Wildlife

Develop an awareness campaign highlighting habitat projects and opportunities.
